Web Design: Wordpress (Elementor and SiteOrigin Plugins), HTML & CSS, Python

EXPERIENCE

Graphic Design Intern

01/30/2023 - Present

Orion Magazine - Great Barrington, MA

- Created an editorial illustration, a graphic to advertise a book giveaway, and a graphic to advertise a sale during the week of Valentine's Day

Community Engagement Advisor

08/2022 - Present

Frances Jaye Boutique - Holland, MI

- Develop diversity, equity, and inclusion training, compiling readings and activities for employees to complete on a different topic each month.
- Manage "FJ Invests," a philanthropic program to donate 2% of sales to a different local non-profit each month. Created an application for non-profits to apply to the program as well as a voting procedure for employees to choose who will be recipients of the funding each quarter.

Communications Intern

06/2022 - 08/2022

The Holland Museum - Holland, MI

- Ran the social media channels, posting 5-6 times weekly; grew the Facebook page reach by 22% and the Instagram page reach by 914%.
- Maintained the Wordpress website by creating/editing webpages for events and exhibitions.
- Designed the marketing materials and museum panels for a history exhibition.
- Researched planned giving and created a pamphlet to advise members on their options.

Library Science Intern

06/2022 - 08/2022

Hope College Van Wylen Library - Holland, MI

- Improved metadata for a previous undergraduate research project using Library of Congress subject headings and standards set by the college.
- Evaluated the rare books collection to determine which should be digitized and made available online; used google spreadsheets to record the number of holdings of each book worldwide.
- Provided the student perspective on a library marketing campaign; designed horizontal posters.

Design Intern

02/2022 - 05/2022

Gay Men's Health Center (GMHC) - New York, NY

- Conducted UX testing program to gather feedback on the accessibility of GMHC's HIV/STI testing appointment scheduler, culminating in a presentation of findings.
- Illustrated and designed social media graphics for the "Together We Can" community program.
- Presented the Director of Communications with Google Analytics-based insights to assess digital engagement and completed an audit of the websites to improve uniformity of design.
